

# Bibliography

## IT (Articles in internationally reviewed academic journals)

- Meyer T., Krans J., van Ast V., Smeets T. (2017). Visuospatial context learning and configuration learning is associated with analogue traumatic intrusions. *Journal of Behavior Therapy and Experimental Psychiatry*, 54, 120-127. (citations: 0) (most recent IF: 2.52).
- Woud M., Verwoerd J., Krans J. (2017). Modification of Cognitive Biases Related to Posttraumatic Stress: A Systematic Review and Research Agenda. *Clinical Psychology Review* (citations: 0) (most recent IF: 8.9).
- Pearson D., Krans J. (2017). Mental imagery in clinical disorders. *Frontiers in Psychiatry*, art.nr. doi.org/10.3389/fpsy.2017.00049 (citations: 0) (most recent IF: 3.53).
- Krans J., Peeters M., Brown A., De Bree J., Naring G., Van Minnen A. (2017). Examining temporal alterations in Social Anxiety Disorder and Posttraumatic Stress Disorder: The relation between autobiographical memory, future goals, and current self-views. *Journal of Anxiety Disorders*, 52, 34-42. (most recent IF: 3.11).
- Krans J., Brown A., Moulds M. (2017). Can an experimental self-efficacy induction through autobiographical recall modulate analogue posttraumatic intrusions?. *Journal of Behavior Therapy and Experimental Psychiatry*, 58, 1-11. (most recent IF: 2.52).
- Mooren N., Krans J., Naring G., Moulds M., Van Minnen A. (2016). Vantage Perspective during Encoding: The Effects on Phenomenological Memory Characteristics. *Consciousness and Cognition*, 42, 142-149. (citations: 0) (IF publication year: 2.14) (most recent IF: 2.14).
- Krans J., Pearson D., Maier B., Moulds M. (2016). Contextual representations of negative images modulate intrusion frequency in an intrusion provocation paradigm. *Journal of Behavior Therapy and Experimental Psychiatry*, 53, art.nr. doi: 10.1016/j.jbtep.2015.09.004, 52-58. (citations: 0) (IF publication year: 2.52) (most recent IF: 2.52).
- Krans J., de Bree J., Moulds M. (2015). Involuntary cognitions in everyday life: Exploration of type, quality, content and function. *Frontiers in Psychiatry*, 6, art.nr. 7 (citations: 5) (most recent IF: 3.53).
- Krans J., Moulds M., Grisham J., Lang T., Denson T. (2014). Evaluating the effect of meta-cognitive beliefs about angry rumination on anger using cognitive bias modification. *Journal of Experimental Psychopathology*, 5 (3), 259-271. (citations: 1) (most recent IF: 0.52).
- Moulds M., Krans J. (2014). Editorial, Special Issue in honour of Professor Susan Nolen-Hoeksema. *Journal of Experimental Psychopathology*, 5 (3), 224-228. (citations: 0) (most recent IF: 0.52).
- Krans J., de Bree J., Bryant R. (2014). Autobiographical memory bias in social anxiety. *Memory*, 22 (8), 890-897. (citations: 6) (IF publication year: 1.69) (most recent IF: 2.12).
- Krans J., Janecko D., Bos M. (2013). Unconscious thought reduces intrusion development: A replication and extension. *Journal of Behavior Therapy and Experimental Psychiatry*, 44 (2), 179-185. (citations: 4) (IF publication year: 2.23) (most recent IF: 2.52).
- Krans J. (2013). The self and involuntary memory: Identifying with the victim increases memory accessibility for stressful events. *Consciousness and Cognition*, 22 (4), 1298-1304. (citations: 4) (IF publication year: 2.24) (most recent IF: 2.14).
- Krans J., Langner O., Reinecke A., Pearson D. (2013). Intrusive images and voluntary memory for affective pictures: Contextualization and dual-task interference. *Journal of Behavior Therapy and Experimental Psychiatry*, 44 (4), 418-425. (citations: 8) (IF publication year: 2.23) (most recent IF: 2.52).

- Krans J., Bos M. (2012). To think or not to think about trauma? An experimental investigation into unconscious thought and intrusion development. *Journal of Experimental Psychopathology*, 3 (2), 310-321. (most recent IF: 0.52).
- Krans J., Reinecke A., de Jong P., Naring G., Becker E. (2012). Analogue trauma results in enhanced encoding of threat information at the expense of neutral information. *Journal of Anxiety Disorders*, 26 (6), 656-664. (citations: 1) (IF publication year: 2.52) (most recent IF: 3.11).
- Hagenaars M., Krans J. (2011). Trait and state dissociation in the prediction of intrusive images. *International Journal of Cognitive Therapy*, 4 (2), 145-153. (citations: 13) (IF publication year: 0.98) (most recent IF: 1.38).
- Krans J. (2011). Introduction to the special issue: Intrusive imagery in psychopathology: New research findings, implications for theory and treatment, and future directions. *International Journal of Cognitive Therapy*, 4 (2), 117-121. (citations: 2) (IF publication year: 0.98) (most recent IF: 1.38).
- Krans J., Naring G., Speckens A., Becker E. (2011). Eyewitness or earwitness: The role of mental imagery in intrusion development. *International Journal of Cognitive Therapy*, 4 (2), 154-164. (citations: 10) (IF publication year: 0.98) (most recent IF: 1.38).
- Krans J., Naring G., Holmes E., Becker E. (2010). Motion effects on intrusion development. *Journal of Trauma and Dissociation*, 11 (1), 73-82. (citations: 11) (IF publication year: 0.78) (most recent IF: 1.68).
- Lange W., Salemink E., Windey I., Keijsers G., Krans J., Becker E., Rinck M. (2010). Does modified interpretation bias influence automatic avoidance behaviour?. *Applied Cognitive Psychology*, 24 (3), 326-337. (citations: 9) (IF publication year: 1.63) (most recent IF: 1.63).
- Krans J., Naring G., Holmes E., Becker E. (2010). "I see what you're saying": Intrusive images from listening to a traumatic verbal report. *Journal of Anxiety Disorders*, 24 (1), 134-140. (citations: 22) (IF publication year: 2.47) (most recent IF: 3.11).
- Krans J., Naring G., Holmes E., Becker E. (2009). Tell me more: Can a memory test reduce analogue traumatic intrusions?. *Behaviour Research and Therapy*, 47 (5), 426-430. (citations: 22) (IF publication year: 3.0) (most recent IF: 4.06).
- Krans J., Naring G., Becker E., Holmes E. (2009). Intrusive trauma memory: A review and functional analysis. *Applied Cognitive Psychology*, 23 (8), 1076-1088. (citations: 28) (IF publication year: 1.45) (most recent IF: 1.63).
- Krans J., Naring G., Becker E. (2009). Count out your intrusions: Effects of verbal encoding on intrusive memories. *Memory*, 17 (8), 809-815. (citations: 25) (IF publication year: 1.58) (most recent IF: 2.12).
